6th Legislative District

Representative
Don Barlow

How You Can Reach Me

My name is Don Barlow.

I'm very honored to serve our 6th Legislative District in the state capital. Without a doubt, it's a great privilege to represent neighborhoods of northern and southern Spokane and communities of western Spokane County.

Cooperation. Respect. Sure, there are some issues on which folks will never see eye-to-eye — that's only natural. But we can always *respect* one another. We can always give one another the chance to make our case. The way I see it, *Working Together* is the only way we're ever going to improve our cities and towns, our state, and our country.

Legislators had better always answer to you and other people paying the bill. Elected officials must always listen to you, whether you are:

- **A young person just starting out in life.**
- **A family that has worked years getting settled.**
- **Or a senior citizen who has invested almost a lifetime making this country stronger.**

I promise to work *with* you. Always.

My assistant, Mandy Bossard, and I want to know what you think. We want to know your opinions on the Legislature, state government, and whatever else is on your mind. We'll do our best to work with you quickly and professionally.

How I Can Help You

You're always welcome to contact me, especially if:

- **You have a problem with a state agency.**

Please don't hesitate to call or write if you've run into a glitch getting an answer from someone or some agency in state government. We'll help find the answer to your questions and concerns.

- **You have a comment about specific legislation under consideration in Olympia.**

I want to know what you think about legislative proposals so I can do a thorough job representing our communities. Please ask for details on legislation or other issues you've heard about. We'll send you information — and do whatever it takes to get you up-to-speed on the topic.

- **You have your own idea for legislation.**

Contact my office if you have a plan you think should become a state law — or if you want to *abolish* an existing state law. Believe me: Ideas from citizens in the real world usually make the most common sense.

- **You want to testify on a bill.**

If you have strong feelings about a subject we're debating, please consider testifying in a legislative committee. Representatives and senators need to hear what people think. My office will tell you when a hearing is scheduled.

- **You want any other general assistance with a state-government question.**

If you're looking for ways to help resolve some other government problem, I promise we'll always do our very best to help!
